ABOUT THE LONDON COLLEGE OF ARTS MALTA

Founded with a vision to provide world-class design education, we offer a range of programs designed to equip students with the skills and knowledge needed to excel in today's dynamic global market.

All our qualifications, ranging from the level 5 undergraduate diplomas to the Bachelor's degrees, are European-accredited and recognised worldwide for immigration and higher education. We follow the guidelines set by our regulator, the Malta Further & Higher Education Authority (MFHEA). Our courses are aligned with the Malta Qualifications Framework and the European Qualifications Framework.

LCA offers a wide range of design degrees in Fashion and Interior Design, combining creativity with the growing digital world. Accredited by MFHEA, our programs attract students from across the globe. With live online lectures and expert mentorship, our European-accredited qualifications are accessible and industry-relevant.

Rooted in European heritage, we offer accredited programs in top design destinations. Our industry-driven courses prepare students for real-world success, shaping skilled and responsible professionals with a focus on sustainability.

OUR MISSION:

Empowering individuals with design education that fosters leadership, strategic thinking, and practical skills in an inclusive environment for career success.

OUR VISION:

To be a leading institution recognized for excellence in design education, known for producing impactful leaders who drive innovation and success in their fields.

PROGRAM DESCRIPTION

The Undergraduate Certificate in Fashion Accessories and Fashion CAD is a 30 ECTS program covering two core areas.

The first focuses on CAD software applications, equipping students with knowledge and practical skills to use this technology in creative work. Graduates will understand CAD's role in the creative industries and produce CAD drawings, 3D environments, and visualizations.

The second area emphasizes accessory design, exploring its significance in fashion history and beyond. Students will develop research, conceptual, and technical skills, including pattern-cutting and fabric decoration using embroidery, mirrors, beads, sequins, and more. Surface ornamentation techniques like dyeing and printing are also introduced, preparing students for fashion-forward, luxury, and high-street markets.

Credits : 30 ECTS

Mode of Study: Online

Level 5

Intakes: September, February and May

Awarded by
London College of Arts
Malta (LCA)
